Design Material

The screenshot shows the ADZU Material Designer interface. At the top, there's a navigation bar with a blue header containing a '#' icon, the word 'Description', and a 'Elapsed' status indicator. Below this is a dark navigation bar with the ADZU logo and a menu of options: Home, Campaigns, Plan, Create, Assets, Report, Approvals, Admin, and Content Admin. A search bar with the text 'Satinder' is on the right. The main workspace is titled 'Material Designer > Material...' and has tabs for 'General' and 'Content Editors'. On the left, a 'Customisation Steps' panel shows 'No customisation steps added'. The 'Banner_Image Editor Settings' dialog box is open in the center, featuring a close button (X) in the top right. It contains the following fields and controls: a 'Name' text field with the value 'ss'; a 'Template Variables to be customised' section with a 'SELECT VARIABLES' button and the text '1 Variable(s) selected'; two radio button options for 'Allow users to add new assets' (Yes/No) and 'Allow users to select multiple assets' (Yes/No), both currently set to 'No'; an 'Asset Group' dropdown menu showing 'Samsung print logos'; and a 'Make this editor required' checkbox which is checked. At the bottom of the dialog are 'CANCEL' and 'SAVE' buttons. In the background, a 'Result Sizes' panel is partially visible on the right.
